Number of pipets:	Single Channel	Multi Ch "8"	Multi Ch "12"
Level 2	229	45	0

Calibrated by: KB
 Balance/s: Recal due:
 B043079758 OCT/31/2020

Procedure/Notes:

These pipettes were calibrated gravimetrically with water that is no less than 17 MegaOhm/cm3.
 All balances are calibrated against NIST traceable standards and serviced yearly by the manufacturer.
 Acceptance criteria for pipette calibration and performance verification is determined per the pipette manufacturer
 OR when not available, the current guidelines within ISO 8655 will be utilized as applicable.
